13th INTERNATIONAL CONFERENCE | TYPHOID & OTHER INVASIVE SALMONELLOSES

December 5-7, 2023 | Kigali, Rwanda

The Coalition against Typhoid invites submissions for symposia related to typhoid fever and other invasive salmonelloses, and which support the conference theme and objectives. Each symposium will be one hour and should have a cohesive theme and clear objectives.

Symposia should be submitted through the electronic submission system. Submissions will be reviewed by CaT leadership and the conference Scientific Committee. Please read the following guidelines carefully before submitting your symposium.

All submissions must be received on or before June 16, 2023.

Symposia must:

- Be written in English
- Limit text to no more than 500 words
- Use a standard font, e.g. Arial
- Use single line spacing
- Avoid the use of abbreviations within the text
- Title should not exceed 150 characters
- Word (.doc) and PDF files are acceptable

The symposium must be submitted in the following format:

- Name of Organizer
- Chair or Co-Chairs
- Symposium Description
- Presentation Title and Presenter Name, Background, and Affiliation

The following review criteria will be used in scoring symposia:

- Does the symposium support the overall conference theme and objectives?
- Are the presentations original, and do they contribute to the field?
- Are the objectives of the symposium clearly presented and relevant to the conference audience?
