

14th INTERNATIONAL CONFERENCE | TYPHOID & OTHER INVASIVE SALMONELLOSES

March 24-26, 2026 | Phnom Penh, Cambodia

The Coalition against Typhoid invites submissions for workshops related to typhoid fever and other invasive salmonellosis, and which support the conference theme and objectives. These sessions are designed to be highly interactive, and may include active discussions with participants, networking, roundtables, and activities that involve collaboration and hands-on problem solving. Each workshop will be one hour and should have a cohesive theme and clear objectives.

Workshops should be submitted through the electronic submission system. Submissions will be reviewed by CaT leadership and the conference Scientific Committee. Please read the following guidelines carefully before submitting your symposium.

All submissions must be received on or before November 14, 2025.

Workshops must:

- Be written in English
- Use a standard font, e.g. Arial
- Limit text to no more than 500 words
- Use single line spacing
- Avoid the use of abbreviations within the text
- Word (.doc) and PDF files are acceptable

The workshop must be submitted in the following format:

- Workshop Summary
- Learning Outcomes
- Desired Impact
- Presentation Title/Topic and Presenter Name, Age, Gender, Nationality, Affiliation and Email

The following review criteria will be used in scoring workshops:

- Does the workshop support the overall conference theme and objectives?
- Are the presentations original, and do they contribute to the field?
- Are the objectives of the workshop clearly presented and relevant to the conference audience?
